# ...the Metso Mining Screen Range

Metso has leveraged its deep product knowledge, unequalled industry experience and exceptional design expertise to create a breakthrough product range of vibrating screens for the mining industry.

With its extraordinary pedigree, which includes names like Svedala, Allis-Chalmers, Hewitt-Robins and Nordberg, Metso is in a strong position to engineer customer success with an outstanding value package that includes innovative and proven screening technology.

Metso is launching a mining screen range designed specifically for the mining industry of the future, providing total solutions with:

- Groundbreaking technology
- Expert systems
- Guaranteed circuits
- Machines to fit any application
- · A global supply chain

In other words – a mining screen range that is good enough to be called Metso.

### Range includes the following models:

MF (Multi-Flo) - linear motion curved decks

RF (Ripl-Flo) - circular motion curved decks

LH (Low-Head) - linear motion horizontal decks

# Testing Centers

### map key

- Testing Center
- Product Center

Columbia, South Carolina – SSP server network, assembly plant, warehouse, engineering, training center.

Sorocaba, Brazil – test center.

Metso's custom-built proprietary testing equipment more accurately predicts customers' circuits.

*Milwaukee, Wisconsin* – complete crushing and screening plant, lab.

# Product Centers

Mannheim, Germany - assembly, design, warehouse.

# metso

map key

• Testing Center

■ Product Center

**Bawal, India** – fabrication, machinery, assembly, warehouse, engineering.

# GLOBALINETWOR

Our expertise is confirmed by our testing and product centers around the world.

Sorocaba, Brazil – factory, foundry, warehouse, proprietary test equipment, full testing circuit, lab, engineering, FEA.

Metso Mining Screen Team

**Newcastle, Australia** – full fabrication and machine, engineering/FEA, assembly, warehouse.

Through-life service and support, and purpose-built application test labs equal improved efficiency.

Screen Security Package

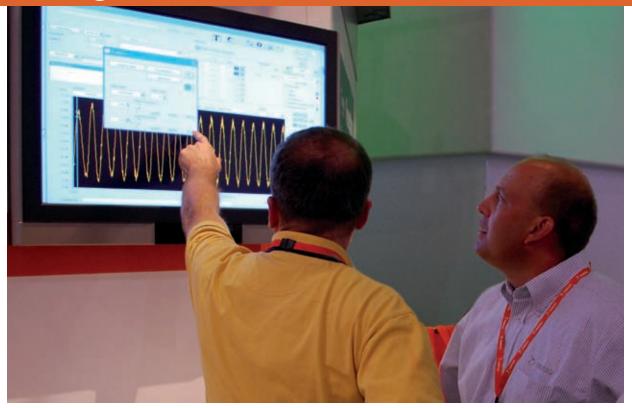

### **Complete protection:**

24-hour condition monitoring Performance monitoring Online maintenance support Patent pending stress monitoring

### Innovative technology:

Improves profits and uptime Increases MTBF Decreases operating expenses

### Bearing condition

**Expert field audits:** 

Structure analysis

Orbits

Speed (RPM)

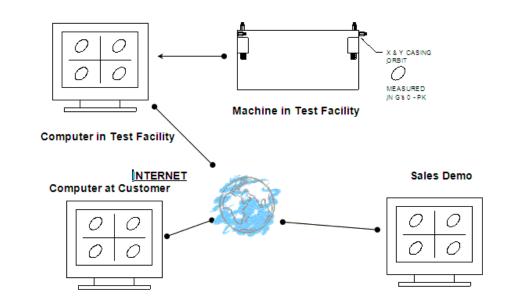

FFT frequency analysis

Machine "footprint"

Cradle-to-grave audit program

# Metso Mining Screens

# Multi-Flo: 3.6 m x 8.2 m SD Multi-Flo screen set up with SSP system

### **Standard screen range:**

Features a full line of products for any type of application

Single and double deck

From 1.8 m to 4.2 m wide

From 4.8 m to 8.5 m long

For other sizes, consult local office for details.

### Ripl-Flo:

New moderate banana incline series screens

Improved performance

No compromise on space

2.4 x 6.1 double deck incline screen

### **ML Exciter:**

Two exciter sizes supply the whole range of equipment

Oil lubricated lip seals

Gears optimized

SSP/LSB compatible

Externally adjusted flywheels

Electronic brakes

### Additional screen types:

Dewatering

SAG mill

Four bearing

Fine dry sizing

Trash screens

Hot pellet screens

### Low Head:

2.4 m x 6.0 m DD

3-D model available for Engineering Layout

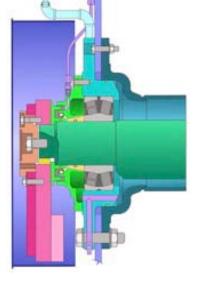

Isolation frame

Dust Enclosure

### V-Series cartridge Ripl-Flo mechanism:

Lower stopping inertia

Easy stroke adjustments

12

# Feeders, Grizzlies

# Parts

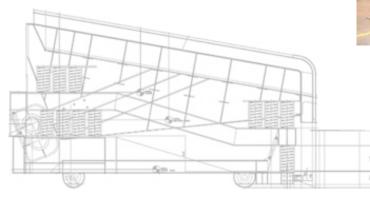

Primary and scalping applications

Large tonnage

Control feeders feed all across the width of the screen

Fabricated grizzly bars

Infinitely adjustable

Heavy duty side plate reinforcement

AR sideplate liner protection

protecting impact areas

Trellex:

Liners

Screen media

AR pan liners (up to 1-1/2" thick)

Stepped deck configuration

Cast bars

Extra heavy duty cross members

Adjustable openings

### Replacement parts:

For Nordberg, Svedala, Hewitt-Robins, SECO, Allis-Chalmers, Tyler and more\*

### Metso workshops around the world offer:

Local part availability and emergency service

Genuine OEM replacement parts

Competitive prices

Thousands of parts in stock

Immediate shipping

### Service products offer:

Field audits

On-site assembly

Rebuild programs

### **Trellex LS HiPer Life**

Built tough for maximum load handling

### Trellex LS HiPer Flo

At least 20% more active screening surface

### **Trellex LS HiPer Clean**

Precision production without interruptions

### Trellex LS **HiPer Drain**

Precision and exceptional dewatering
